Section C: Board Collective Representation

In addition to individual criteria, the Board as a whole must reflect the diversity of the Aboriginal and Torres Strait Islander community in the Gascoyne region. When assessing candidates and electing directors, consideration must be given to ensuring the Board includes:

- Representation of Elders, women, men, young people, and families
- Representatives of different language groups (Yinggarda, Baiyungu, Thudgarri, Malgana, Thalanyji and others)
- A mix of skills across the areas listed in Section B above
- People with strong connections to Carnarvon and the broader Gascoyne region

Assessment Process

1. All candidates must submit an Expression of Interest (EOI) using the approved form, addressing how they meet **all** mandatory criteria (Section A) and at least **three** desirable criteria (Section B).
2. The Board, with input from the Elders Advisory Council, will assess all EOIs against these criteria.
3. Only candidates who meet **all eleven mandatory criteria** and **at least three desirable criteria** will be endorsed as eligible for election.
4. Candidates who do not meet the criteria will be advised in writing with reasons and, where possible, offered support to build skills or experience for future nomination.
5. The Board may interview candidates or request additional information to properly assess their suitability against these criteria.

Review and Updates

These criteria must be reviewed by the Board at least every three years, or when requested through community consultation, to ensure they remain relevant and support the corporation's objectives and community needs.

Any changes to these criteria must be approved by Board resolution and reported to members at the next AGM or general meeting.

Approved by Board resolution:

Date: _____

Signed: _____

(Chairperson, Carnarvon Common Ground Aboriginal Corporation)

Schedule 5 – Director EOI and Pre-Assessment Procedure

This procedure supports rule 7.8, Expression of Interest and pre-assessment, and must be followed by the Board when managing the process for director elections and when assessing any proposed YAC-appointed director or independent director under that rule.

1. Purpose

The purpose of this procedure is to:

- a) ensure a fair, transparent and culturally respectful process for selecting candidates to stand for election as directors;
- b) help the Board assess candidates consistently against the mandatory director selection criteria approved under rule 7.5;
- c) provide clear communication to all applicants about outcomes and next steps; and
- d) allow the Board, with any necessary changes to the process, to assess a person proposed to be appointed as a YAC-appointed director or independent director against the corporation's mandatory director selection criteria, eligibility requirements, and current Board skills and representation needs.

2. Calling for Expressions of Interest (EOIs)

2.1 The Board must call for EOIs at least weeks before the AGM (or other meeting) at which director elections will be held.

2.2 The call for EOIs must:

- Use the approved Director EOI / Consent to Become a Director form (Schedule 2, or any updated form approved by the Board).
- Clearly state the closing date and how EOIs must be submitted.
- Refer to the mandatory director selection criteria and where candidates can access them (for example, Schedule 4 or a Board-approved criteria document).

2.3 The call for EOIs should be advertised through:

- Direct notice to members (mail, email or SMS where possible).
- Community notice boards and other local communication channels.
- Any other culturally appropriate methods approved by the Board.

3. Receipt and Initial Check

3.1 A designated staff member or officer (not being an applicant) must record all EOIs received and check that:

- The EOI is on the approved form.
- All required sections of the form are completed.
- The EOI was received by the closing date.

3.2 Where minor information is missing, reasonable efforts should be made to contact the applicant to obtain the missing information before the Board assessment meeting.

4. Assessment Against Mandatory Criteria

4.1 The Board must convene a meeting (or use a scheduled Board meeting) to assess all EOIs against the mandatory director selection criteria approved under rule 7.5.

4.2 The Board may use a Board Skills Matrix or similar tool to support this assessment but must ensure that:

- Each applicant is assessed individually against every mandatory criterion.
- The assessment focuses on whether the applicant meets the minimum standard for each criterion, not on popularity or personal relationships.

4.3 The Board must seek **input** from the Elders Advisory Council on cultural standing, cultural knowledge or other matters where cultural guidance is relevant. This input is advisory only and final decisions remain with the Board.

4.4 The Board must record:

- Whether each applicant meets each mandatory criterion (Yes/No).
- Any comments or reasons supporting the assessment.
- Whether the applicant is endorsed as eligible to stand for election.

5. Determining Eligibility

5.1 Only applicants who meet **all** mandatory director selection criteria may be endorsed as eligible to be nominated to members for election as directors.

5.2 Applicants who do not meet one or more mandatory criteria must not be put forward to members for election.

5.3 Where the Board is uncertain about an applicant's eligibility under the CATSI Act (for example, potential disqualification), the Board must seek appropriate advice before making a final decision.

6. Communication with Applicants

6.1 All applicants must be advised in writing of the outcome of their EOI as soon as practicable after the Board has made its decision, and no later than days before the AGM where possible.

6.2 Letters to **successful applicants** must:

- Confirm that they have been endorsed as eligible to stand for election as a director.
- Explain the next steps in the election process (including nomination, speaking to their EOI at the meeting if applicable, and any induction or training expectations).

6.3 Letters to **unsuccessful applicants** must:

- State that they have not been endorsed as eligible to stand for election as a director on this occasion.
- Provide brief reasons, referencing the mandatory criteria not met.
- Where appropriate, suggest ways the applicant can build skills or experience (for example, participation in Working Groups, training or community roles) and invite them to consider re-applying in future.

7. Notice of Eligible Candidates

7.1 The list of eligible candidates endorsed under this procedure must be included in the notice of meeting for the AGM (or other general meeting) at which the election will be held, in accordance with rule 7.5(e).

7.2 The notice may include short candidate statements, provided these are prepared in a consistent format approved by the Board.

8. Record-Keeping and Review

8.1 The corporation must keep:

- Copies of all EOIs received.
- Board assessment records (including any Elders Advisory Council input).
- Copies of outcome letters sent to applicants.

8.2 These records must be kept in accordance with the corporation's records rules and any applicable privacy and confidentiality requirements.

8.3 The Board must review this procedure at least every three years, or earlier if required, to ensure it remains effective and culturally appropriate. Any amendments may be approved by Board resolution and noted to members at the next AGM.
